SALTERGATE NEWS

Three points out of four away has helped to ease the disappointment of dropping a point in our opening Third Division home match of the new season against Northampton Town. The fact that we limited Northampton's chances to about four was to our credit, but we missed several good chances and you must take them to win matches.

The match should have been all over in our favour by halftime. We fought hard, our defence looked tighter and we created chances, but towards the end we became a little frustrated and paid the penalty.

Visiting Port Vale two days later we played really well but rather disappointingly we dropped a point as the result of a Port Vale equaliser 19 seconds from the end. Malcolm Darling, back in our side, but still on the transfer list at his own request, put us ahead after only four minutes with a good header.

We were far the better side and it was not just a case of holding out. We defended when we had to and attacked whenever possible and the fact that their equaliser came was probably the result of a little lack of concentration.

Nevertheless it was a good performance for few teams will get away with both points at Vale Park this season. Sheffield Wednesday crashed there last Saturday.

Last Saturday we had a magnificent 1-0 victory against Portsmouth at Fratton Park. None of the so-called experts gave us much chance of success there, but they will agree that the fact we only won so narrowly flattered Portsmouth.

If Portsmouth were to be honest they wouldn't have had much to grumble about had we won by three clear goals. The win was the result of a great team performance and without doubt was our best performance so far this season.

Everybody was delighted that the winning goal came from Rodney Fern. He had previously been unlucky with three efforts, but he made no mistake in the 78th minute. It was rather late, but such was our superiority that it had to come sooner or later. Now he has broken the ice let's hope that Rod keeps on the goals trail.

David Bentley has been having a rather rough time of it this season, particularly at home and so at Portsmouth manager Joe Shaw changed his role with Harry Charlton. David is always happier in mid-field and so it was at Pompey. Harry was also more prominent in his new role, so the team should benefit.

This afternoon we renew acquaintances with Danny Williams and his men from Swindon, who have also got off to a reasonable start to the new season. Danny has got together quite a useful side and are certain to put up a good show against us.

Having now got into our stride we look forward to an improvement in our display this afternoon from the one against Northampton. Our players are most anxious to please at home and as a result appear to become a little over-anxious.

Patience is the big need on both sides and we hope you will see it that way and do your bit by giving encouragement to the players. If that happens we are sure that the result will be to the advantage of all concerned.

Team manager Joe Shaw and player-coach Frank Barlow have seen quite a number of Third Division matches already this season and they are quite emphatic in their belief that there are few teams better than ours.

If we can only keep up the newly-found momentum and continue to gain in confidence there is no reason, that, given reasonable luck we can establish ourselves in the top reaches of the Division and become challengers for promotion.

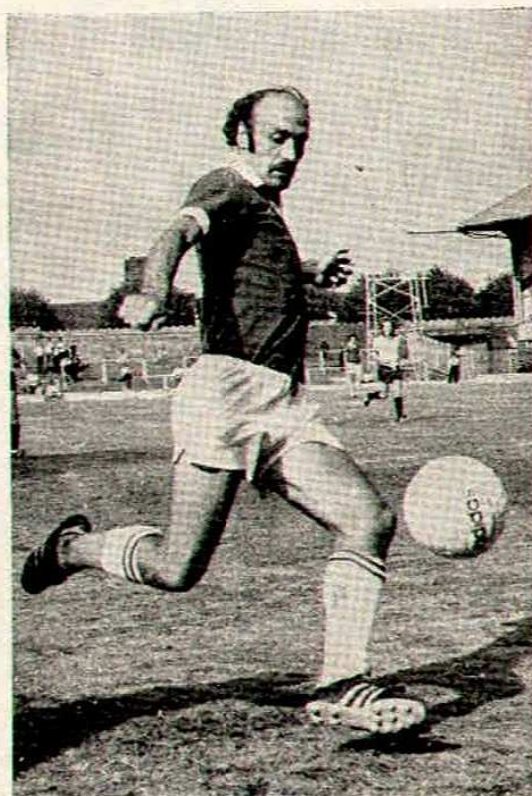

We have another chance to consolidate our useful start when we have another home encounter next Saturday with Wrexham supplying the opposition. Wrexham went down 3-2 at Swindon last Saturday and so this afternoon's match should provide a guide to our chances against them.

A fortnight today we visit Sheffield Wednesday at Hillsborough and as they are also struggling to regain their former glory it should be quite an entertaining match.

We had a good win their last season and a repeat performance would just be most welcome.

Danny Williams
Manager
Swindon Town

Rod Fern - scored the winner at Pompey - we hope the first of many.

AND VIEWS

Manager's Review

JOE SHAW

At the time of writing, after three league games, we are unbeaten which is very encouraging for us all, to say the least. We were, of course, a little sad in some ways to lose a point at Port Vale, especially with their goal being scored with the last kick of the match, but a point away from home is not to be sniffed at. The team played well as a whole, creating lots of chances and I firmly believe that when we start knocking them in, some team will really catch a cold from us!

We gave a repeat performance at Portsmouth on Saturday in terms of creating chances, but this time our domination on the match was so great that we did not allow the home team to come back at us. I was particularly pleased for Rodney Fern who knocked in the winning goal, as he has not had the best of luck with his chances this season, and I am now expecting him to really get among the goals. John Cottam has settled in well, adding a lot of composure to the defence, and Dave Bentley has again started to play like the Dave Bentley of a couple of seasons ago. Dave hasn't had the best of luck in our home matches so far, so I am hoping that the crowd really get behind him from now on and help to encourage him and the rest of the lads.

If I could just make one plea to you all, it would be to ask you to be more patient with the team. We play some great relaxed football away from home, but in our efforts to please at home we seem to be doing things a little too quickly and so cannot turn our domination into goals. So please give us all the help you can from the terraces, but please be patient and we will continue the good work for you.

THIRD DIVISION SCENE

We only miss them when the've gone

Everyone appreciates what a precarious state football's finances are in. For years most of the little clubs have made losses, with only the likes of Arsenal and Manchester United experiencing the pleasure of announcing a profit. Yet, when in recent months, we have been hit by the news that such famous clubs as Chelsea, Portsmouth and Luton could all go to the wall quite soon, it comes home to us how much we have taken the whole situation for granted for so many years.

Most people's immediate reaction to Luton's shock revelations last season was — bad luck, but what does it matter if Luton do go to the wall? Some ambitious non-League club will take over the vacancy.

In reality, the demise of a football club leaves an un-fillable void for anyone who has been deeply interested in the game. Do we not still hark after Accrington Stanley? It's 14 years since they were bankrupted and resigned from the League. They were never a successful club, and many fans never even saw them play, yet their odd-sounding name was such a familiar feature of Saturday night's results on Sports Report.

Accrington Stanley broke the hearts of their supporters for many years, but a few thousand still turned up each week to watch them and suffer. Maybe those hardy Northern folk were masochistic creatures — who can say? But the weekly visit to Peel Park was part of their lives. Many neutral fans used Accrington as the butt for corny jokes. Yet, whatever image Accrington Stanley conjured up in one's mind and however we might have abused them when they existed, we all missed them when they had gone.

Peel Park is now a housing estate. So, I understand, is Cathkin Park. The latter once throbbed with crowds of 45,000 as Third Lanark, one of Scotland's oldest and most famous clubs, chased one top honour or another. Now they are no more, another victim of cash problems; but speak to any Scottish fan today and he will roll off the name of Third Lanark, with due reverence, and recall some pleasure that they brought into his life long ago.

Hamilton Accedemicals were apparently doomed, too, in 1970 but, by some miracle, they were able to continue so that we still enjoy today the pleasure of listening to the football results man reeling off one of football's most romantically-sounding names.

The truth is that all our established football clubs are important to us. The shock of learning that one of them may disappear merely underlines how much the average fan takes them for granted; and, indeed, it underlines what a tremendous job the directors of smaller clubs are doing in keeping the things afloat.

Indeed, it has taken a good deal of ingenuity by directors and staff to keep this club afloat during the country's current economic storm.

When the Luton news broke, Jimmy Husband — their former Everton and England under-23 forward — told me: "None of us realised how serious the position was. When I first heard it, my immediate reaction was — that's nothing to do with the players, that's the directors' problem. But when it sank in I began to think about a number of things. How I would have to uproot home again. How I would have to find another club. Would I, indeed, be able to find another club with these financial problems affecting every club? Perhaps I would join the ranks of the un-employed. It had one good effect, however. It made the players come close together and we really played our hearts out. We weren't going to let the club die if we could help it".

No, it's not a simple thing to bury a well-known football club. When things go wrong we all realise just what these institutions — the Football League clubs — mean to us.

Andy Kowalski

Hearty congratulations to Andy Kowalski and his fiancée Gaye Whitfield who announced their engagement on Tuesday, 24th August.

They have known each other for some time now, having met at the Aquarius a couple of years ago. And whilst they have not yet made any definite plans for the future, there are still a hundred and one things for them to plan out, as any engaged couple will know.

Gaye, a hair stylist from Langwith, is fortunately a keen football enthusiast already but, because of work commitments, she has not yet been able to watch Andy play as she would have liked. She is hoping, however, to get to Chesterfield's matches more often in the future.

To the both of you, Gaye and Andy, good luck and best wishes for a happy future from everyone connected with the club.

SWINDON T

SWINDON TOWN F.C. — CLUB CALL

Manager: Danny Williams
Ground: County Ground (32,000)
Nickname: Robins
Last Season: 19th

After just missing promotion two seasons ago when they finished in 4th position, just about everybody who knew their football were hotly tipping Swindon for last season's 3rd Division honours. Starting badly, with a home defeat against us in the very first match, the Robins completely lost their way and their confidence, remaining in the bottom four until a final desperate push for safety, saw them escape relegation by one point.

Manager Danny Williams had fortunately managed to spot the danger signs before it was too late, and at transfer deadline time in March he took the market by storm, five deals being made in as many days. An unpopular departure was that of star striker Peter Eastoe to Q.P.R., but the £88,000 fee received (a Club Record)

was too great to refuse. To offset the loss to the Club of a player of Eastoe's calibre, £20,000 was spent to lure Don Rogers back to Swindon, the club with whom he had first made his name. 400 League games and 147 goals were accumulated during Rogers' first spell with Swindon, the highlight of which undoubtedly was his magnificent contribution to their League Cup Final victory over Arsenal in season 1968-69. Rodgers is still a popular hero and he and the other new signings certainly justified Danny Williams' hectic activity, suffering only four defeats in the last 14 games and so ensuring 3rd Division survival for at least another year.

Manager Williams is determined to make sure that no mistakes are made this season. A tough pre-season tour in Scotland has put his team in the right frame of mind and the manager, himself, has personally checked the form of several teams in our division, including ourselves in our friendly at Barnsley.

Danny is, of course, a well-known figure in this part of the country, having spent 20 years (1942-62) as a player for Rotherham, followed by managerial spells at Rotherham, Swindon, Sheffield Wed., Mansfield and Swindon (again). Wherever he travels, Danny still retains that broad Yorkshire accent that has become his trade-mark. Certainly one of the great characters of football today is Danny!

SWINDON T

DON RODGERS

JIM BARRON

JIMMY ALLEN (goalkeeper)

Joined Brora Rangers from school and was signed from them as an apprentice in October 1970. Signed professional in July 1971 making his debut against Q.P.R. on 4th September 1971. Although his first team chances have been limited of late, he has had spells as first choice and made 71 League appearances to the end of last season.

TREVOR ANDERSON (forward)

Began his career with Portadown, but transferred to Manchester United in October 1972, making 13 League appearances before moving on to Swindon. Following his debut for Swindon against Chesterfield on 5th November 1974, he made 70 League appearances to the end of last season, during which he was an ever present player, and he was voted player of the year. He also has seven international caps for Northern Ireland. A fast and skilful player he was joint leading scorer last season with 15 goals including a hat-trick of penalties against Walsall.

JIM BARRON (goalkeeper)

Although making his league debut for Wolves (eight League games), and moving to Chelsea, he first gained a regular place with Oxford United (152, and later with Nottingham Forest (155). Signed for Swindon in July 1974 making his debut against Bury on 17th August 1974, and has been first choice since, making 76 League appearances to the end of last season.

GEOFF CHALKLIN (full back)

Signed as an apprentice in July 1972 and signed professional forms on 1st October 1974. He made his League debut at Gillingham on 10th January 1976. His three games last season were all in a midfield role, but he is equally at home at full back. Former England Schoolboy International.

DON ROGERS (forward)

A former apprentice he made 401 League appearances for the Town and scored twice in the 1969 League Cup Final victory over Arsenal at Wembley before transferring to Crystal Palace for £150,000 in November 1972. After 69 League games for Palace he moved to Q.P.R. in October 1974 but made only 13 full appearances prior to his transfer back to Swindon in March 1976. He made a further nine appearances before the season ended mostly in a midfield role, but when played forward showed that the attacking skill remains.

KEN STROUD (defender)

Joined the Club as an apprentice in 1967, signed professional in 1970 and had made 78 League appearances to the end of last season, during which he became established in the first team. A very strong player both in the tackle and on the ball, he prefers a central defensive role, but has played equally often in midfield.

DAVID SYRETT (forward)

Another former apprentice he joined the Club in July 1972, signing professional in November 1973, by which time he had already appeared several times in the League side, having made his debut as substitute at Preston on 1st September 1973. In the same season he was capped by England at Youth Level, and had made 67 League appearances to the end of last season. Although in the first team squad since his debut, opportunities have been limited and he spent a month on loan to Wolves last season which would have been extended, but for an injury crisis. Only gained a regular place in January but finished last season joint leading scorer with 15 goals.

JOHN McLAUGHLIN (full back)

Started his career with Colchester for whom he made 66 League appearances during which time he was capped for England at Youth Level. Joined Swindon on 3rd December 1973, making his debut against Orient on 22nd December, 1973. Originally a full back he moved to midfield for many of the 99 League games played for Swindon to the end of last season, but has since reverted to defence.

DAVID MOSS (forward)

Signed from his local non-League Club as an apprentice and on full forms in 1969, he made his debut against Watford on 25th April, 1972 and had made 129 League appearances to the end of last season. A true orthodox winger who can play both sides of the park and scores as well as makes goals.

HOWARD GODDARD (forward)

Joined A.F.C. Boumemouth from school making his first League appearance whilst still an apprentice and making 62 League appearances in all, some midfield and some as a forward. Released at the end of last season, he was signed by Swindon on his 19th birthday in May.

COLIN PROPHETT (defender)

Played for Crewe Alexandra as an amateur, but his League debut came for Sheffield Wednesday in 1968. After 113 League games for the Owls he moved to Norwich City in 1973, making 34 appearances in the first division before his transfer to Swindon on 30th September 1974. Made 67 League appearances for the Town to the end of last season, including 45 minutes as emergency goalkeeper against Sheffield Wednesday.
