STEPHEN SMITH

We take the opportunity to introduce to you Stephen Smith, our £5,000 capture from Birmingham City last month, and who we are sure is going to make a valuable contribution to the club in the near future.

Stephen was born at Lydney, Gloucestershire, played rugby union, cricket and football at school and became an associated schoolboy with Cardiff City. At the age of 15, Tottenham Hotspur and Birmingham City

came for him and, after visiting Spurs while Bill Nicholson was there, decided to sign for Birmingham. "I couldn't tell you why I decided to join them, but I did, as an apprentice professional," he says.

When 17, he was selected to go to Las Palmas with the England Youth side, accompanied by such names as Butch Wilkins, Peter Barnes and John Treweek and gained three caps, after which he played for Birmingham's first team in the club's Centenary Match in which he saved a penalty taken by Kenny Dalglish.

He made his League debut at St. Andrew's in March 1976 against Liverpool, and went on tour with the club to Holland and Belgium as first team goalkeeper. Earlier this season, Stephen, who is holder of an FA Preliminary Coaching Badge, played against Derby County in their FA Cup tie. □

JIMMY ALLAN, goalkeeper, hails from Inverness and was signed as an apprentice professional from Brora Rangers in October 1970. Signed full time the following July and made his League debut against Queen's Park Rangers in the September. Missed only three League matches last season.

JOHN McLAUGHLIN, defender, has played for England at Youth level. Started his League career with Colchester United and cost Swindon a £25,000 fee when signed in December 1973.

COLIN PROPHETT, defender, was once an amateur with Crewe Alexandra but made his professional debut for Sheffield Wednesday before moving to Norwich City in May 1973 for a fee in the region of £50,000. Went on loan to Swindon in September 1974, signing the following month for a fee of about £20,000. Missed one League game last season.

ANDREW FORD, defender, is a former Somerset Schoolboy and Youth player who was with Western League side, Minehead, before joining AFC Bournemouth. After two years he joined Southend United winning the Player of the Year award last season and signed for Swindon last August, costing a fee in the region of £10,000.

JOHN TROLLOPE, defender, completed his 700th League appearance for the club

earlier this season having been signed as a professional in August 1960. Now the only playing survivor of the club's promotion winning sides of 1963 and 1969 and League Cup Final winners of 1969.

ROY CARTER, midfield, joined Hereford United from the Western League champions, Falmouth, in February 1975 and was transferred to Swindon last December.

KENNY STROUD, midfield, will be remembered by many TV viewers for his spectacular goal against Everton in last season's fourth round FA Cup tie. Served his apprenticeship at Swindon before becoming a professional in 1970 and made 42 League appearances last campaign.

ROY McHALE, midfield, was formerly with Chesterfield and moved to Halifax Town in October 1974 for whom he did not miss a League game until his transfer for about £8,000 to Swindon in September 1976.

DAVE CUNNINGHAM, forward or midfield, is a Scot, having been with Brechin City before his move to Southend United in April 1973. Spent a period on loan with Hartlepool before switching to Swindon last June.

CHRIS GUTHRIE, forward, is a former England Schoolboy player who started his career with Newcastle United. Went to Southend United where he was leading

goalscorer for two seasons, and was then transferred to Sheffield United in May 1975. In July last year Swindon secured him for about £25,000.

DAVID MOSS, forward, was signed from non-League football from Witney, his local team, and made his League debut against Hull City as a substitute in January 1972. Was the club's leading scorer with 14 League goals last season.

CHRIS KAMARA, midfield, joined Portsmouth as an apprentice professional in November 1974 when he came out of the Navy, and signed for Swindon last August.

PHIL BATES, forward, cost Swindon a fee in the region of £30,000 when signing him from Shrewsbury Town in January. Was Shrewsbury's top scorer last season and he joined them from non-League Stourbridge in May 1974. □

Man in the middle

Mr. Bob Perkin, of Stafford, was last here nearly 12 months ago when he had charge of our League game with Scunthorpe United.

Last month, he was in control of the Everton v Leeds United match and other appointments have included the Bristol City v Wrexham FA Cup tie and replay, Leicester City v Manchester City, Bolton v Hull City and Blackpool v Brighton.

Mr. Perkin, a machine shop foreman with GEC at Stafford, started refereeing in October 1953 with the Stafford and District Youth League, and following that was with the Midland Intermediate League as a referee, a Central League linesman for five years and Central League referee for three years. In 1970 he was appointed to the then Auxiliary Referees' List, being promoted to the Full List the following year.

Married, with one daughter, Julie, aged 17, Mr. Perkin has been a linesman in a European Cup game in France, and also senior linesman for one of the 1974 FA Cup Semi-Finals. He is chairman of the Stafford Referees Association, vice chairman of Staffordshire County Referees Association and chairman of his local community centre. □

GRATIFYING RESPONSE

Your suggestions for improving our programme for next season have continued to arrive and I am most gratified by the response supporters have shown. It just shows how interested they are and I am more than pleased at the result. This week we will be getting down to picking out a winning letter, for which the writer will receive a bottle of champagne, and until then, here are a few more excerpts from some we have received.

Miss Janet Irvine, of Farsley; *"I think it would be better if the present statistics on the matches was increased to cover a full page, so that the details of City goal scorers can be included beneath the fixtures . . ."*

Mr. Harold Richards, of Bradford, writes: *"Congratulations on the photographs by Gary Hill — these are excellent and a big improvement . . ."*

"As City almost invariably take a good-sized following to away games, what about a 'How to get there' feature? In addition to supporters club coaches and an AA route and mileage, this could include relevant train times and fares, and a map of the ground detailing where visiting fans are usually accommodated," suggests Kevin Collier of Headingley, Leeds.

Mr. C. Spencer, of Shipley, says, *"Looking back through last season's programmes and comparing them with this season, the first thing that I noticed was the increase in advertising matter within the programme. On average, last season, the programme contained approximately five pages of advertisements, which this season has increased to slightly over eight pages, which is half the programme . . ."*

John Murphy, of Bradford, points out that numbers are no longer printed on the front of the programme, which led to the chance of winning a prize. *"The idea is rather old cap, but I think is still effective. Not only would it promote circulation of each edition, it would give each subscriber an interest during the afternoon, rather than just the game. A chance to win something always interests the public . . ."*

The Manager's Column

LOOKING FOR PLAYERS

I missed last Saturday's game at Lincoln, not because of choice but out of necessity. As you will probably have read in the Press my directors have given me the go-ahead to obtain new players for next season and last week I took in five matches running the rule over possible candidates who would be able to do a job for me.

Obviously, I have to look forward a few months. I know what the present staff can do and know what I need and I shall be basing my judgement on that.

This has been an extremely disappointing season indeed, and I feel that we were not prepared fully, for it. The Third is a far better League than the Fourth, where generally, there are half a dozen good sides, but in the Third it is very different with almost every game providing a tough encounter as we have found to our cost.

SLIM CHANCE

That defeat at Lincoln now means that we have only a slim chance of staying in the Third and, as I have pointed out more than once, we just cannot afford to give these teams goals start and hope to be able to win some reward. We managed it at Bury, I know, but at Lincoln, going three down was just too much, even though credit is due at the way we fought back to score twice.

It now means that we must win our remaining three matches to try and save our status, though, even if that was achieved, it would not necessarily guarantee us safety. At least I hope we can make the challenge, starting with Swindon tonight.
