JIM SMITH's views

What a great result on Saturday! To come from behind to take three very valuable points is just the tonic we needed for tonight's game against local rivals Swindon Town. Local derbies are never easy and the fact that our visitors are struggling a little at the moment will only make it that much more difficult.

Going back to Saturday's game, I was very pleased with the overall team performance and of course glad to get back on the winning trail. The "new boys" are now settling in and their contributions at Brentford were decisive. Trevor Hebbard's first goal for the club coming from a George Lawrence cross, and Ray Train providing a great near post free kick for Peter Foley's goal. However, it would be unfair to single out any particular players as the result was gained by a good team performance, and this of course keeps us well up amongst the promotion contenders.

The next four matches are crucial, with three of them being at home. Besides tonight's local derby we have another difficult one on Saturday when we travel to Reading, also fellow promotion contenders. This match is followed by home games against Doncaster and then Burnley, who are also pushing for

promotion. The results of these matches could well decide whether we will still be in with a chance during the final run in, and your support both at home and at Reading could be the difference between winning and losing. So please, get behind the team throughout the games, but be a little patient if things don't go all our way, and I am sure the results will come.

WHAT'S SO SPECIAL ABOUT NEWCASTLE BITTER?

• Nothing. Except the fact that it's less grassy with a little more flavour than most other bitters. Nothing at all. But a touch more character and a little bit more taste. In fact what's special about Newcastle Bitter is that it's a good, honest, straightforward pint of beer. And these days, that is something special.

CLUB TALK

Tonight we welcome our close neighbours Swindon to the Manor, for a match which was originally due to be played on Sunday 17th January. We have yet to taste Sunday football since the Football League agreed to it at the beginning of last season, as both our attempts, Millwall last season, and Swindon this, have been thwarted by the weather. Both teams really need the points tonight and let's hope we can finally overcome the hoodoo involving our games with Swindon, and gain a victory for the first time in nine years. (The last time we managed to beat them was in February 1973, when we completed the double over them for that season.

Today's teaser — how many players whose surname begins with the letter B, have played in United's first team since we dropped back into the Third Division in 1976. Can you name them?

Saturday's victory over Brentford, continued our unbeaten run in the Capital this season. In five visits to London in the League and League Cup we have won on three occasions and drawn on the other two. Pete Foley's goal on Saturday also gave him a hat-trick against Brentford this season, having previously scored in the away leg of the League Cup and at home in the League.

Did you know that our average home and away gates are almost exactly the same? At home we have been watched by an average crowd of 5,040, whilst away from home the average is 5,037. The largest League gate of the season so far was at our home match with Reading, 9,254, and the lowest when we played away at Chester, 2,008.

Swindon, who were formed in 1881, joined the Football League in 1920 as original members of the Third Division. The Robins, though, had tasted glory as a non-League outfit reaching the semi-finals of the F.A. Cup in 1910 and again in 1912.

They remained in the Third Division until they were promoted at the end of the 1962-63 season but were relegated again two seasons later. However, it was not long before they returned to the Second Division following the most successful season in the club's history, 1968-69. That season saw them finish runners-up in the Third Division and win the League Cup, beating Arsenal by three goals to one after extra time, thus becoming only the second Third Division club to win a Cup Final at Wembley.

The following year saw the Robins win the Anglo-Italian Cup and challenge strongly for promotion from the Second Division finally finishing fifth. The next few years though saw Swindon slip down the table until 1973-74 when they were relegated back to the Third.

Recent seasons have seen Swindon regularly in the top half of the Third Division, but last year five successive defeats at the start of the season saw them firmly anchored in the relegation zone. It was only due to a good run in their last ten matches that

they managed to climb to safety, finally finishing 17th but only one point above the relegated clubs.

This season saw Swindon make a good start to the season and three wins and a draw in their first four games saw them top the table, and after twelve games they were still in the top six. However, their form since October has seen them slip down the table and Saturday's disastrous 5-1 home defeat against Huddersfield has pushed them into the bottom four.

Hopes of a repeat of their past glories ended in the League Cup First Round with defeat by Wrexham and in the F.A. Cup Third Round when, following two victories over non-league opposition, they went down by two goals to one at Luton. Swindon will obviously be looking to today's match to halt the slide in their results and their record in these 'derby' games is formidable, as United have not beaten them in the twelve meetings since season 1972-73. United's complete record against Swindon in twenty-six League meetings and one League Cup tie is as follows:—

Home	14	2	10	2	9	11
Away	13	1	4	8	7	21

PEPSI GOLDEN GOALS COMPETITION

There have been a lot of ideas put forward in the last few months on how to make football more entertaining, many have involved a change in the way points are awarded for results. The Football League itself, of course, introduced the three points for a win system at the start of this season. The Pepsi Golden Goals competition is based on awarding points for goals scored only and not for results. One point is earned for each goal scored at home, two points for each goal scored away from home, and three bonus points are given when a team scores three or more goals in any match. However, the league tables produced using such a system are of more than academic interest as Pepsi have sponsored the competition in an attempt to produce more goals.

Every month a league table is compiled for each division and the top team in each division receives an award of £1,000. The winning clubs to date are

	Division I	Division II	Division III	Division IV
Aug/Sept	West Ham	Luton Town	Bristol Rovers	Bradford City
October	Liverpool	Watford	Exeter City	Bury
November	West Ham	Barnsley	Plymouth	Colchester
Dec/Jan	Liverpool	Blackburn	Fulham	Wigan
February	Notts County	Rotherham	Doncaster	Port Vale
March	Liverpool	Leicester/Watford	Reading	Wigan

The nearest Oxford have been to winning a monthly award was in November when we had the same number of points as Plymouth but lost through having less bonus points.

As well as the monthly awards there are also several to be won at the end of the season. The top club in each division will receive £5,000 and the top goal scorer in each division will receive £1,000.

The current Third Division table is shown below, and the top three clubs in the other divisions are:-

Division I			Division II			Division IV		
	Plyd.	Pts.		Plyd.	Pts.		Plyd.	Pts.
Liverpool	30	119	Luton	31	121	Bradford City	36	134
Ipswich	30	106	Watford	32	110	Colchester	36	128
Southampton	33	104	Barnsley	32	87	Wigan	37	119

The leading goalscorers to the end of March are:-

Division I			Division II			Division III			Division IV		
Keegan (Southampton)	20	Houchen (Orient)	18	Davies (Fulham)	18	Madden (Bury)	26				
Brazil (Ipswich)	16	Bannister (Sheff. Wed.)	17	Kellow (Exeter)	14	Mutrie (Hull)	24				

There is also a £5,000 bonus to each player who scores 35 league goals or more during the season. It would appear that only Craig Madden or Les Mutrie have any reasonable chance of reaching this target.

It is good to see encouragement for scoring more goals, and Pepsi are to be congratulated and thanked for their sponsorship this season.
