Talk of the Town by the Chairman

Today is the last of our home games and we welcome the Players and Officials of Newport County who, like ourselves, are fighting for the rights to compete in the Third Division next season. Ironically, we meet in the return fixture with Newport County on the last day of the season. The importance of the result of these games leaves nothing to the imagination and a cup-tie atmosphere will be sure to be with us.

Our game with Oxford United on Tuesday last, was not for the faint hearted and no quarter was given on either side, although the game was fast and furious it was not spoilt by unfair tactics. The disgraceful scenes in the penned areas on the terraces allocated to Oxford Supporters was another blot on the name of our game. The idiot that threw a smoke firework from behind the town end goal should be brought to justice and banned from future matches. Mr Eric Read who sustained his head injuries, when called to the touch line by one of his linesmen officiating on the Shrivenham Road side, suffered concussion from objects thrown from the Oxford United pens. This disgusting behaviour is one of the reasons of the declining attendances at matches. Fortunately it is only on these few local derby games that this occurs. This kind of behaviour has reached a point when the Football League Authorities will be forced to take action. I can foresee the day coming when travelling supporters will not be allowed to follow their team away without an identification that he is a recognised member of his club, who will issue to such members a qualification that they have proved beyond any doubt that they are true, well-behaved citizens. This local problem is mainly our concern because normally our visitors come and go and add to the match enjoyment without any disturbances at all.

The solution to this problem of disturbances at football matches is not an easy one, because the Football Association has tried the banning of away supporters at a couple of games, which caused even greater confusion outside of the grounds.

Getting back to our domestic front, we are planning to set sections of our ground apart from our Family followers, and we are trying to encourage families by introducing special rates of admission both through season and match day tickets. An announcement will be made in the Press in the next few days, of our plans.

At the Football Combination meeting held last week, it was decided that most games next season would be played mid-week with only the occasional game being played on a Saturday if by mutual consent. This is the reason that the Midland Youth League have decided to close for at least one season to enable clubs to review the situation later. All clubs are looking to make savings on their expenditure next season and the day of the heavy buying and selling of players is over for a while. There will still be some of the top clubs spending but not on the lavish scale that we have seen over the past few years.

In my last programme notes I said we were introducing our team mascot back again for next season boys and girls. If you are interested, call in at the office and see Danny Williams for the particulars and book the game that you would like your son or daughter to lead.

We shall be playing away next Saturday at Portsmouth and we would like to make a special appeal to our supporters to make this trip an example of true sportsmen who can give us the encouragement we need and set an example that we would like all clubs to follow.

As these are my last programme notes of the season, I must pay a special tribute to all the people who help the club throughout the year. They are too numerous to name, but a special word of thanks to our friends who have given up their time to paint our ticket office and shops.

Here's hoping that you enjoy today's game and thank you for your support.

JOHN TROLLOPE

Today we play what is probably one of the most important games in the history of the Club and a favourable result is essential. I am most pleased with the character and effort of the team during the last three home games which have resulted in maximum points. In these three games I cannot under value the magnificent encouragement given to the team by you the supporters. I have long said that a constant vocal support in favour of a team is essential to success and this has certainly been proved so here at the County Ground in the last three matches. In this last home game of the season may I make this earnest plea that you continue this tremendous effort as it is as equally essential as the performance of the players themselves.

Not only would I like to thank you for your support in recent matches but also for that throughout a long, disappointing and frustrating season. I know you to be the very rock of our support and I thank you most sincerely for it. I would also like to thank all of those who have made the staging of our matches possible, with a special mention to the Police Authorities who have had very trying times during three particular games when hordes of mindless cowardly youths have descended upon the County Ground to cause near riot conditions. A message to our own supporters, thankfully in a very small minority, who find it impossible to behave like normal human beings during our games - stay away next season, you are not welcome.

May I also extend my gratitude to the members of the Supporters Co-operative and its committee for the very real help they are giving to me. It was through their efforts that I was able to sign Mike Carter on a months loan when Andy Rowland was injured and I understand there may be some good news from this source today. These are real supporters.

I look forward to seeing you all next season and I hope that as many of you as possible will travel to Portsmouth and Newport for our remaining two matches to give the team your support. Have a good summer and let us hope that when we meet again things will be a lot brighter.

FROM THE COMMERCIAL OFFICE

Good afternoon ladies and gentlemen.

On this our last home game of the season I sincerely thank those supporters who have supported us in the Commercial Office either as agents or purchasers of our Lottery and Bingo Tickets.

There is no end of a season for us. The job of providing funds for the Club is if anything more important during the close season, and the continued support of all is vital.

We are still looking for more agents, so if you would like to prepare for next season then we would like to see you at the Lottery Office.

'Till next season.
